A BARGAIN SHOULD BE A CHOICE - NOT A TRICK!

What a year 2020/2021 has been! Here's hoping you and your family have made it thru safely.

The past year has brought it's challenges, but it has also brought a tremendous excitement to Porter's Fireworks and our wonderful customers! **That's because, after years of development, 2021 will be the introductory year for our much vaunted and very own KITRO PYRO SERIES of pro style items!** You will not believe the majesty and wonder of these items.

These are my babies, based upon items I use in professional displays, but with **you** in mind! Only Porter's Fireworks has them, which means only you can get them! So that brings one question...

Are you ready for WOW? You'll find these starting on the next page!

So, what else is new? Well, for starters, we've direct imported a whole new line of fireworks by **Magnus International**, a fireworks factory committed to the finest of quality, effect and color. **My kind of fireworks factory!** Working direct with the factory means you'll find **many items have dropped in price** when everyone else is going up. We can't wait to show you the colors and sheer majesty of these incredible items!

You'll notice **QR codes** on many items in our catalog this year as well. You can scan them with a free QR Scanner on your phone and watch all these amazing new items while going through this catalog. **Be prepared for color and awe!**

Finally, I wouldn't be me without a word about "Buy One, Get One Free" scams. Since you're one of our customers, you know how I disdain these. I urge you to beware. If you see a sign offering these so called deals – run! Why you ask? Simple. **Paying double isn't getting one free**, it's buying two whether you want two or not. It's misleading, dishonest and just plain wrong!

As you know, we're different –and honest! We never double the price or fake a bargain. We instead offer **"Choose 2too"** deals -**cool play on words, huh?** I came up with that one all by myself.

Choose 2too is real simple, honest and **really** a deal. Instead of gimmicky games like charging you \$20 for an item and telling you the 2nd one is free (which it isn't), we leave the price alone at \$10.00 each, or you can **choose** a 2nd item for \$18 instead of \$20, saving \$2. We leave a \$20 item at – you guessed it, \$20 each, or you can **choose** to get two for \$35 and save \$5. And best of all, it's all **MIX AND MATCH**. That's the Porter's Fireworks way. And that's why generation after generation of fireworks loving families keep coming back home to Porter's Fireworks – the one that started it all and why we say...

**"We're Not The Best Because We've Been Here The Longest...
...We've Been Here The Longest Because We're The Best!"**

Hope to see you soon!

John

HOW IS THAT POSSIBLE?

Porter's Fireworks has built a better mousetrap with the **KNITRO WARHAMMER**! With more balanced lift and break charges and even higher compression, We use ALL of the allowable 1.75" diameter, thus packing in more star pellets for a more robust and thicker bodied break. We then added intense colors and effects for truly PRO STYLE SHELLS that rise high, break full and hit hard!

Porter's has always been famous for our superior canister shells, but we've now taken it to a whole new level! Finally, we use ALL of the allowable 60 grams of lift and break charge to get those stars up and out into the sky!

INTRODUCING THE KNITRO PYRO WARHAMMER...
